

Sussex Marine Conservation Zones

Management Have your say!

Community Voice Method Project

The workshops are part of the Sussex IFCA/MCS Community Voice Method (CVM) project – for more details visit http://www.sussex-ifca.gov.uk/index.php?option=com_content&view=article&id=40&Itemid=206. They follow on from filmed stakeholder interviews carried out by these organisations between November 2013 and April 2014.

Workshop content

Workshops will feature:

- Short presentations by Sussex IFCA and Natural England to provide information on how MCZ management measures are being developed
- Screening of the CVM film featuring a wide variety of stakeholder views and opinions on MVZ management
- 3 hour structured discussion activity with breaks, designed and structured to allow participants' views and opinions on management options to be captured

Refreshments will be included

The Sussex Inshore Fisheries and Conservation Authority (Sussex IFCA) is working with the Marine Conservation Society and independent neutral facilitators to run a series of workshops to discuss fisheries management scenarios for the newly designated Kingmere and Beachy Head West MCZs. Comments with respect to other sites in Sussex will also be captured.

If you have a particular interest in Sussex's MCZ sites we hope you are able to attend one of these workshops to share your views and opinions on their management

Places are offered on a first come first served basis, so please **respond to Sussex IFCA by phone or email to book** using the details below, indicating which workshop you would prefer to attend so we can confirm if places are available.
