- Pharmaceutical Labels
- Pricing Labels
- Sandwich Labels

LABELS AND TAGS FOR ALL APPLICATIONS

15 year's experience of supplying printed and plain label and tag solutions.

We supply millions of labels EVERY WEEK throughout the UK and Europe from our fully ISO-accredited factory, ensuring the best prices and lead times.

We are a complete in-house label company for any shape, size or colour label or tag. We offer full in-house design and print services. We only use top-grade materials and adhesives, you can be assured that:

- Our labels offer superb print quality
- They will not cause dust damage to your printer
- Our labels are fully compliant with all leading printers and manufacturers
- There are over 2000 sizes to choose from
- We offer up to 8 colours

PLAIN LABELS

Supplyline offers plain Label & Tag solutions, any shape or size. We offer a full range of materials from Paper, Polyester, PE and Vinyl and a full range of adhesives from Perm, Peel, Chilled and Freezer to name but a few. We can turn around plain labels faster than almost anyone in the industry due to automated label presses.

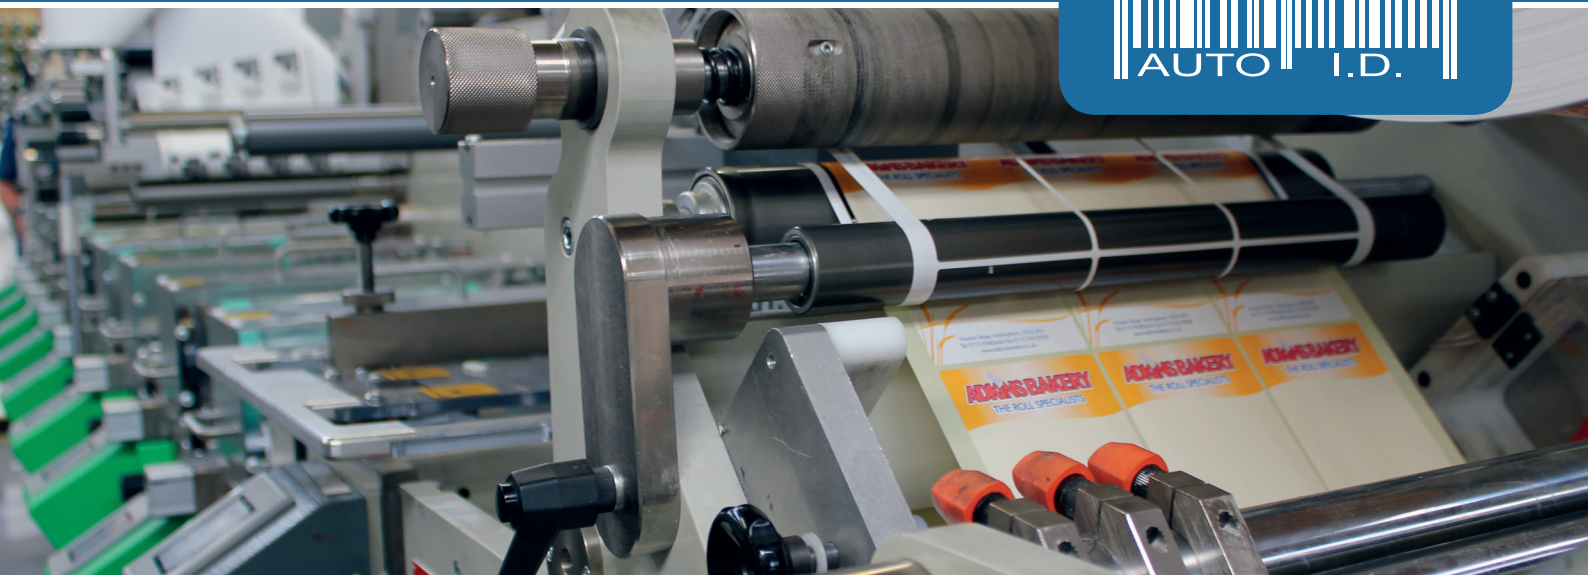

PRE-PRINTED LABELS

In addition to plain labels we can print up to 8 Colours front and back, we have a full in-house Art & Design Team to help with producing new or existing designs to the highest standards. We print labels for almost every industry and can provide samples of our printed works.

DIGITAL LABELS

We now offer digital printing. This is ideal when small runs of multiple designs are needed. There are no artwork, design or plate charges and no set up fees, making this a better option for many of our customers and allowing for changes to existing product lines without the plate charges.

FREE sample roll with no obligation. Call 01403 865 111 for more!

Why Choose Supplyline for your Self Adhesive Labels?

Our supply service covers all labelling materials, formats and applications.

Be it Plain White, Colour Washed, Pre-Printed, Thermal Transfer, Direct Thermal, Specialised Synthetic Materials, Laser and Ink-jet Labels, Tags and Tickets or Washable Clothing Labels.

We work with most market sectors and have the experience to supply materials for:

- Food
- Packaging
- Retail
- Healthcare
- Manufacturing
- Merchandising
- Quality Control
- Warehouse
- Courier
- Transport
- Laboratory
- Office
- In Field
- Products
- Mobile
- ... and much more!

DIGITAL LABELS: Any shape, any design with no set-up or plate charges. Available in a huge range of materials to suit every application.

DEMAND JET LABELS (ink-jet): Demand Jet labels respond to the special needs of colour ink-jet and laser printers. We offer a range of JetMatt and JetGloss sizes in Paper and Synthetic material either plain or printed.

QUALITY CONTROL / PAT TESTING: Many of our Quality Control and PAT Test labels are in stock, we have a big range of existing designs and sizes, these include Pass / Fail Labels, QC Pass / Fail, Reject etc.

BLOCKOUT / COVER UP LABELS: These are more and more popular due to ever changing EU legislation requiring goods and products to be re-labelled with correct or different information or with Imported and Exported goods where you need to cover up other countries information. Simply use a plain or printed label with a Blockout adhesive to cover up any information behind it.

TAGS & TICKETS: Non-adhesive Tags and Tickets are for a wide range of purposes, these include Retail price tags, Cage Cards, Event Tickets (i.e. concerts / sports events etc) and Work in Progress Control. We can make plain or pre-printed (both sides) with an existing range of over 100 sizes to choose from.

MERCHANDISING / PRICE POINT LABELS: One of our most popular ranges with many available from stock or on fast lead times, but with too many to mention here. Some of the uses are for Pricing Products (e.g. 99p), Discounting (e.g. 50% off), Promotional (e.g. 3 for 2) Sale (e.g. sale price).

CHILLED / FREEZER LABELS: We offer a range of Adhesives and materials all suitable for storing in different working environments.

PRE-PRINT / BUREAU LABELS: When you need labelling but don't have the facility or capacity, Supplyline can provide the service for Racking & Shelf-Edge, Barcode (inc sequentially printed), Serial Numbers, Asset, Security, Textile, Garment, Swing Tickets, Shipping, Odette, Packaging, Clear and Laminated.

Merchandise Price Labels

Tags and Tickets

INGREDIENT LABELS: Ingredient labels may need to withstand cold and hot temperatures, contact with substances (e.g. oils) and handling. We offer free advice on papers and adhesives to maintain perfect label functionality and appearance.

TAMPER EVIDENT LABELS: We offer a range of materials including VOID labels, destructible labels and tamper evident.

ANODISED ALUMINIUM: These labels are made from a high quality aluminium. Colours and print are etched into the surface of the material. A highly durable product means the labels can be used in all conditions indoors or outdoors.

SUPER DURABLE VINYL & POLYESTER ASSET LABELS: Giving ultimate resistance to chemicals and abrasion, our labels are fully automated with a clear polyester film providing heavy use protection using a hi-tac adhesive for longevity.
