EXCEED YOUR VISION

Improving service

While the popularity of online shopping continues to rise, the physical store still remains of great importance to retailers. In fact, 56% of purchasing decisions are still expected to be made in-store by 2025[1].

As technology advances, consumers continue to expect more from their shopping and dining experiences:

Tailored rewards

DISCOUNT

Personalised services

New ways to pay

In order to address these expectations, retailers need to continually improve through the facilitation of new services, such as:

Targeted promotions

Assisted sales

Mobile ordering

One in five consumers will leave a store if queues are too long[2]. By utilising the TM-T88VI and assisted selling, you can help capture those lost sales.

Introducing the TM-T88VI series

Building on a strong history of innovation, the TM-T88VI is Epson's greatest POS printer. Shaped by the latest market trends and demands, the TM-T88VI builds on the success of the TM-T88V and remains compatible with its predecessor's software and hardware.

Direct comparisons with the TM-T88V reveal the TM-T88VI to be up to:

17%
faster

82%
more power efficient

49%
more paper efficient

The TM-T88VI range comes loaded with features and enhancements to help you grow your business:

- Maximise efficiency
- Minimise downtime
- Add new services
- Improve engagement

Coexistence

Beacon support

Data delivery services

Easy integration

Explore new ways to grow

Coexistence

Futureproof your business and easily add new services

Connect to legacy and mobile POS at the same time

Omnichannel
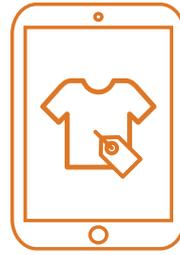

Assisted sales

Technology focus

Print Data Notification

Collect and send printed
data to the cloud

Server Direct Print

Retrieve print jobs
stored in the cloud

Device Data Notification

Gather and send data from
peripherals to the cloud*

TM-T88VI-iHub

With the TM-T88VI-iHub, you can create a central POS
hub designed to work with both traditional PC-based POS
systems and increasingly popular web and tablet solutions.

The range of peripheral and wireless connectivity options
make it ideal for shop, bar and restaurant owners who want
to develop effective new ways of interacting with customers.

Specifications

	TM-T88VI	TM-T88VI-iHub
Print speed	350 mm/sec	
Print speed (default)	300 mm/sec	
Printing font	ANK	
Column capacity receipt	Paper width 80 mm, 58 / 80	
Character size	12 mm (W) x 24 mm (H) / 0.99 mm (W) x 24 mm (H)	1.41 mm (W) x 3.39 mm (H) / 0.99 mm (W) x 2.4 mm (H)
Character set	95 Alphanumeric, 18 set International, 128 x 43 Graphic	
Printing Characters	Text (incl. Euro symbol), Graphics, Barcode	
Dot density	180 dpi x 180 dpi	
Paper size	79.50 ± 0.50 (W) mm x dia 83.00 mm, 57.50 ± 0.50 (W) mm x dia 83.00 mm	
Interfaces	USB 2.0 Type A, USB 2.0 Type B, Powered USB (optional), Parallel (optional), RS-232 (optional), Ethernet interface (100 Base-TX / 10 Base-T), Wireless LAN IEEE 802.11b/g/n (optional), Wireless LAN IEEE 802.11a/b/g/n (optional), Drawer kick-out, Bluetooth (optional)	USB 2.0 Type A (4x), USB 2.0 Type B, RS-232, Ethernet interface (100 Base-TX / 10 Base-T), Drawer kick-out
CPU		ARM Cortex-A5 384MHz
Preloaded SW	Print Data Notification, Device Data Notification, Server Direct Print, Web Server, ePOS-Display, ePOS-Print®	Print Data Notification, Device Data Notification, Server Direct Print, Web Server, ePOS-Device®, ePOS-Display, ePOS-Print®
Product dimensions	145 x 195 x 148 mm (Width x Depth x Height)	
Product weight	1.6 kg	
Colour	Black / White	Black
Installation	Horizontally, wall hanging	
Interface connectors	D.K.D. function	
Humidity	Operation 10% - 90%	
Temperature	Operation 5° C - 45° C, Storage -10° C - 50° C	
Changeable interface	Yes	
Power supply	PS-180, AC cable	AC adapter, V
Operating voltage	24 V	
Warranty	48 months Carry in Optional warranty extension available	24 months Carry in Optional warranty extension available

1. The two-phase research project was conducted by FTI Consulting. Phase one consisted of qualitative telephone interviews with 17 global futurists and European experts from various sectors from 22nd September-19th October 2016 to gain insights and develop hypotheses on the future of the workplace and the changing roles of the workforce leading up to 2025. Phase two consisted of a quantitative online survey conducted by FTI Consulting's Strategy Consulting & Research team from 2nd-13th December 2016. Respondents included full-time employees across five major sectors (corporate, manufacturing, education, healthcare and retail) in workplaces across the United Kingdom, France, Germany, Italy and Spain in their local languages. A total of n=7,016 full-time employees completed the survey. The breakdown of the respondents who completed the survey in each country are as follows: United Kingdom (1,329), France (1,308), Germany (1,427), Italy (1,526), Spain (1,426). The breakdown of the respondents who completed the survey in each industry sector are as follows: corporate (2,051), manufacturing (1,519), education (1,090), healthcare (1,215), retail (1,139). The n=7,016 completes yields a 3% +/- margin of error with an industry standard 95% confidence interval. Please note that the standard convention for rounding has been applied and consequently some totals do not add up to 100%. For further information on the research methodology or FTI Consulting's market research services: Market.Research@fticonsulting.com

2. Interconnection Consulting, 2013

3. Warranty dependent on model - TM-T88VI warranty is 4 years and TM-T88VI-iHub is 2 years
